1

UNIVERSAL 3.5MM AUDIO LOCK

The patented 3.5mm audio locking mechanism provides maximum security
(538LB pulling force), without having to use a heavy/bulky traditional claw system.

STOP CUT & RUN. STOP GRAB & RUN

Equipped with an aircraft grade steel cable capable of handling "Cut and run" threats in excess of
494LB. Protected from "Grab and Run" attempts with a pulling force resistance in excess of 200LB.

BEST "IN HAND EXPERIENCE"

Feel the "True weight" of the device. No heavy security retention or feeling of bulky security attachments.

3

EDGE TO EDGE ACCESS

Minimal design that doesn't cover the KSP's of the device. J-Plug Lock works with NFC, Wireless Charging and Curved Screens. A presentation that encourages customers to deeply engage with the device. Increasing the sense of ownership, maximising sales opportunities.
